

K-Love Radio is incomparable in its level of Christian service to our community. I strongly disagree with the idea of K-LOVE being displaced by an LPFM broadcaster. This would have a devastating effect on our local Christian community. K-LOVE is just what it says it is, a positive, encouraging influence on American communities. This country has a deep need for the family values that are broadcast on K-LOVE radio. Keep K-LOVE and other FM broadcasters on the air!!
